

The annual race between a Harvard University and a New York University took place in the Thicket at New London, Conn. As everyone knows, the contest was between eight oared crews, and the event has been more sharply contested than a race of the English variety. Eight was looked for as a sequel of to-day's contest.

There is no contest about our leadership in low prices, no one can match our bargains.

WHOLESALE PRICES AT RETAIL

Our great advantage over other merchants in having a wholesale connection and a New York buyer constantly in the market enables us to offer Dry Goods at all times at the same or less prices other merchants pay—That's why our sales don't wrong us—we fatten on them—our great business is forcing right ahead—new goods coming in almost daily and our stock kept like a flowing stream, free from all stagnation.

The Libby Prison War Museum.

On the many attractions outside of

the World's Fair in Chicago, there

are but few in which there is no

interest centered as there is in the

Libby Prison War Museum. In 1890

the Libby Prison War Museum was

removed from Richmond to Chicago

and converted into a War Museum. The

project was undertaken by a syndicate

of the best known business men of

the city whose enterprise was rewarded

in a commercial sense, but has attained

a national reputation. A project

of this nature was never before

undertaken. To move a brick and stone

building of the size of Libby prison to

the West was a task of no small

importance. The project was made

with success. Then the famous old

prison was filled with material that

represents the work of a lifetime and

the expenditure of half a million

dollars. The great collection is

now to be seen in the Libby

Prison. The collection is of the most

valuable material that the greatest

city in the world has ever known

and is not to be missed. The

collection includes thousands and

thousands of relics of famous

men of important links in the

history of the nation. The collection
